

VERN MAN HELD TO U. S. COURT

Commissioner Finds Wil-
liam Franklin Had
Booze at Home.

COSNER IS DISMISSED

Analysis Necessary to Deter-
mine Contents of Liquid
Found in Residence.

William Franklin, accused of having possession of liquor in violation of the federal law, was committed to jail yesterday at the conclusion of his preliminary hearing before J. H. Wilkins, United States commissioner under bond of \$500 for action by the federal grand jury.

H. S. Cosner, charged jointly with the crime, was discharged; the two men, who were not in possession of any liquor, believed to be alcohol, found in Franklin's home at Vicks station last week by federal officers.

The federal officers have not yet been able to determine the contents of two jugs and one quart bottle of clear liquid found in Franklin's home. Some believe it to be wood alcohol, but others believe some person with a knowledge of chemistry.

Council of Defense
Files Report on How
Much Coal Cost Him

One local coal dealer has filed a report of his findings as a result of the warning sent out to work by the headquarters of the state council of defense against coal profiteers.

According to the signed statement of the local dealer, he paid coal miners \$4.50 an hour, including the warning sent out to work by the headquarters of the state council of defense against coal profiteers.

That the John O. Hopper of West Virginia listed in the press as having died among the dead in the Florida train wreck at St. James, Mo., Saturday, was John O. Hopper of Tulsa, is the confident belief of the officials of the Universal Motion Picture company, who have had a man of the same name on their payroll for the past eight months.

Telegrams received by the company from the Florida authorities at Springfield Monday afternoon gave such definite descriptions of the dead man, even to the clothing he wore, that close friends of Hopper recognized them as certain he was the wrong victim.

Hopper was 24 years old and a Master Mason. He left here Saturday night to spend Christmas with his father and brothers, who live at Benton, Tenn. The body is now in a morgue at St. James.

Robbers Get Nothing.
Robbers who entered the Nelson Machine & Tool Co. Sunday night by prying locks off of the rear doors apparently found nothing of value that they could remove for nothing has been missed by the company.

TULSA VICTIM OF TRAIN WRECK

John O. Hopper Is Listed
Among the Dead at
St. James.

That the John O. Hopper of West Virginia listed in the press as having died among the dead in the Florida train wreck at St. James, Mo., Saturday, was John O. Hopper of Tulsa, is the confident belief of the officials of the Universal Motion Picture company, who have had a man of the same name on their payroll for the past eight months.

Telegrams received by the company from the Florida authorities at Springfield Monday afternoon gave such definite descriptions of the dead man, even to the clothing he wore, that close friends of Hopper recognized them as certain he was the wrong victim.

Hopper was 24 years old and a Master Mason. He left here Saturday night to spend Christmas with his father and brothers, who live at Benton, Tenn. The body is now in a morgue at St. James.

Shawnee Girl Will Represent Kendall at Student Meeting

The Young Women's Christian Association of Kendall college will be represented at the International student conference to be held in Des Moines, Iowa, December 30-January 4, by Miss Edith Grey of Shawnee, Okla., a student in the collegiate department and a member of the college Y. W. board. Delegates to the number of 4,000, from all over the world, are expected at the conference, which will be devoted to inspirational addresses on mission activities in every land and other subjects. The speaker will be the well known John H. More, international president of the Y. M. C. A. It was thought for a while that this conference, which is held every four years, would have to be postponed because of the coal situation.

Holiday Community Tree.

There will be a community tree at Main and Lee streets, Tulsa. It will be lighted Wednesday evening and will be lighted every evening until New Year's Day.

Beginning the middle of December, the leadership of Miss Grace Burkhardt will sing Christmas carols at 6 o'clock Christmas eve, after which the Nazarene, Baptist and Wesley Community churches will each have its own program.

The Ecuadorian government has added an aviation course to its military and naval college.

IRISH REJECT PLAN

A. E. Sweeney Declares That Lloyd George's New Sop Is Not Offered in Good Faith.

That the new home rule bill which Lloyd George is said to be about to introduce in the British parliament will not be acceptable to the Irish people, is the opinion of A. E. Sweeney, state chairman for Oklahoma of the American Commission on Irish Independence.

"Lloyd George's latest attempt at not settling the Irish question is like so many similar attempts," said Mr. Sweeney. "There is absolutely no good faith behind it. His bill is intended simply to throw a smoke screen over the discussion in Ireland and at the same time try to discredit the work of President de Valera and the Irish republic by pretending that the British parliament is offering the Irish people the same kind of government which the people of the United States enjoy."

Such a clumsy scheme could not originate in any other except an English brain. The idea of comparing the United States government, which is the greatest republic,

world has ever seen, with the proposed dependency of a divided Ireland, is an laughable as it is once again demonstrate that our cousins across the sea are still lacking a sense of humor. Of course it reads well in the head lines and people who are not supposed to think are expected to applaud such a generous act on the part of Great Britain as to say that if the Irish are not satisfied they are simply unreasonable.

Maybe the London press agent thinks the United States is still a British colony or that the covenant of nations has taken the place of the federal constitution.

"The Irish people cannot be fooled by any such stuff. They know well the republic of the United States is and have already patterned a government for Ireland on the same lines. They have not only formed such a government but have elected the necessary officers and are now asking for recognition from the other nations of the earth. All that the British have to do is to remove the soldiers and the Irish question will be solved—without any act of parliament."

A HOMEY CHRISTMAS

Dormitory Boys of Y. M. C. A. to be
Given Genuine Entertainment
Thursday.

A touch of home will be included in the celebration of Christmas at the Y. M. C. A. this year. The dormitory boys will have a Christmas tree in the lobby, which will be decorated, and around which will be placed Christmas presents which come to the "Y" for the boys. At 8 o'clock Christmas morning a bugle will sound reveille through the halls of the dormitory and the boys will flock downstairs and gather around the fireplace. They won't even have to stop to dress, for the front door will be unlocked and the boys will be coming in from the snow.

They will be candy and nuts and everything to make a cheerful Christmas. Anyone having gifts for the dormitory men may bring them to the "Y" and have them placed on the tree. An effort is being made to make Christmas in the "Y" lobby as home-like as possible. There are 150 men living in the "Y" dormitory—there would be more if there was room for them. Many of these men are not able to go to their own homes Christmas.

That they may have a joyous Christmas, nevertheless, is the aim of those in charge of the preparations at the "Y."

Y. DIRECTORS NAME

Personnel Increased From 15 to
—Election to Take Place During
Tuesday.
